Things to do in San Francisco - Part 16 - Musee Mecanique

Musee Mecanique constantly gets high ratings from tourists as a "quirky" home for mechanical games from a time long ago!

Yahoo Travel says this:

A penny for your thoughts? In addition to a melange of penny structures, this quirky, offbeat museum which had originally resided beneath the Cliff House at Pt. Lobos, has a variety of interesting gadgets and knick-knacks. A must-see is the toothpick amusement park, built by San Quentin inmates. Bring a handful of quarters so you can play some of the games, including the miniature antique pinball machines. Visiting the museum is free of charge. Cash only.
